

2022 FIS
CROSS-COUNTRY
JUNIOR & U23
WORLD SKI
CHAMPIONSHIP

TEAM INVITATION

Welcome to Norway and to Lygna Ski center!

On behalf of the Norwegian Ski Association, it is a great pleasure to welcome you all to FIS Nordic Junior and U23 World Ski Championships in Cross Country skiing.

Since Zakopane did not have the opportunity to organize the cross-country part of the Junior and U23 World Ski Championships, we are happy that Lygna was chosen as the host.

Lygna Ski center is an experienced organizer in a very snow-safe place, very close to both Oslo and the airport. We are therefore happy that Lygna with its 7 owner clubs, said yes to this great event for the next generation of cross-country skiers.

I can promise you that we will do our very best that the championship will be a good experience for all of you. TV pictures from the championship will be produced. We hope that many TV stations will use these TV signals to give both the cross-country sport, the championships and you as athletes and coaches a good promotion.

I believe that during the championships we are going to see future stars coming up.

I wish you all welcome to fabulous and exciting days in Norway and good luck with the upcoming season!

Yours Sincerely
Norwegian Ski Association

Erik Røste
President

Welcome to FIS Nordic Junior og U23 World Ski Championships 2022 in Lygna.

It is with great pleasure that Lygna ski center welcomes you to the WC junior and U23 during the last week of February 2022. We are humble and filled with joy and excitement to host the world's best juniors and U23 skiers here at Lygna.

Since 2015, the venue has been upgraded with new tracks, a new stadium and other infrastructure that is necessary to be able to carry out large events. Lygna ski center has in recent years been the host of many major national cross-country competitions. These include the Norwegian Championships part 1 in 2017, National Championships for 15- and 16-year olds in 2018, the Norwegian Championships part 2 in 2019 and the National Cup for both juniors and seniors in 2020.

Establishing a modern ski venue is not possible without great partners. Public gambling has been the main source of funding. In addition, Gran municipality, which is now the host municipality for the WC, has been a very positive partner. It still wouldn't be possible without other local contributors. We would especially like to mention Brandbu and Tingelstad Almanning, which is the landowner, Sparebankstiftelsen Gran and Varigfondet Hadeland. Lygnasæter Hotel, located 600 meters from the stadium, has also always been a loyal supporter and contributor. In addition, the collaboration with our neighbors at the shooting range is important during large events.

Lygna is located at 620m above sea level, and is a very snow safe area. As such, there is in addition to competition tracks, a fantastic ski trail network on the entire Hadelandsåsen that starts from Lygna. From Oslo in the south to Gjøvik in the North, over 200km of trails are available and widely used by Hadeland's residents, along with visitors from the Oslo area and those who have cabins at Lygna.

Hosting a World Cross-Country Championship will be a huge team effort, and it would not be possible without all the volunteers who show up year after year. There will be about 400 volunteers in action during the World Championships in February, and they all deserve a big thank you!

Once again, we would like to give everyone a warm welcome to the World Championships at Lygna! We hope it will be an excellent week with great competitions and equal conditions for all. It is important to us that you have a wonderful time here and we will do our best to make sure you leave Lygna with good memories.

Best regards
